Baghdad

Description: BAGHDAD is a city that can be accessed through the Hotan teleport portal.

What is done in Baghdad: this city is where 14dg stones are dropped, especially for status alchemy. Furthermore, through it you can access the Flame Tree area portal.

Donwhang Cave

Description: It is a place to farm sun 13dg items. Only 1 char per IP is released.

Survival Area & Survival Area II

Description: It is a place to farm sun 13dg items. These are places to farm sun 13dg items. Only 1 character is released per IP and can be accessed through the Hotan teleport portal.

Mirror Dimension

Description: it is a special place to farm luck and steady 13dg stones, as well as others. It is important to remember that alchemy on the server is based on 13dg items, which is why stones are so important. Additionally, it is also possible to drop 13dg sun items and 15dg stones. Remember: it is important that the characters are between lvl 111 and 129 to have a good chance of dropping. It is recommended to leave the gap 9 from 111 to 129 to optimize your farm. **Access:** Through the Jangan teleport or through Constantinopolis, walking to the temple of Jupiter

Flame Tree

Description: It can be accessed through the Baghdad teleport and the place where the uniques Minotaur and Hells Gudian (INT and STR) spawn. These drop styria key recipes, which can be sold or transferred into styria key, as well as special boxes. In addition, you can also farm 13dg sun items and 15dg stones. The difficulty level is high because the mobs have a high attack power.

Garden

Description: It can be accessed through Jangan's teleport and is where the uniques Kidemoas, Launatune and Thief Boss Kalia spawn, which drop rewards such as styria key recipe and special boxes.

Styria Room

Description: is the place to farm AC, you are teleported to the Styria Room (access via Hotan teleport), where each mob has 1 HP and died drops 1 AC, it is possible to farm up to 500-600AC per entry. The best char to farm is rogue-warlock. You can only enter it if you have the Styria Key, usually acquired for 300AC or through special uniques.
